Coding Temple, Chicago, Illinois— *Cerifactation in Software Enginnering*

Aprial 2024 - Currently Attending

EXPERIENCE

Burgers Smokehouse, California, Missouri — *Inventory, Picker, Cargo Handler*

October 2020 - Present

Inventory - Manage and keep track of goods that were to be sold. This is also where I got forklift experience as I put pallets on the shelves and write down locations of storage, updating locations in the system.

Picker - Pick mail orders for customers and send them out. Restocking locations with pallets of goods.

Cargo Handler - I helped load and unload trucks with goods that were sold or goods coming in.

C&R Market, California, Missouri— *Carryout, Stock, Checker*

June 2018- September 2020

Carryout - Bag groceries and talk to the customer. Offering services of being helped with hauling groceries to the customers vehicle if needed.

Stock - Stocking shelves with goods for sale. Brining the oldest up and newest in the back. As well as helping customers locate goods.

Checker - Check customers' groceries out and take payments on the system via card, cash, check, WIC, or food stamps. Help customers locate goods and offer any services besides checkout as well.
